Mr. Glenn W. Collins,
Secretary of the Senate,
Memorial University of Newfoundland,
St. John's, Newfoundland.

Dear Mr. Collins:

On behalf of the Corporation of Queen's College, and for myself, please convey to the Senate our appreciation that the affiliation of Queen's with the University has been formally re-instated.

As perhaps you are aware the affiliation of these institutions goes back to the establishment of the University. This relationship has been mutually beneficial and I hope it will continue to be so. It will certainly be of great help to Queen's as it moves towards a resumption of theological training.

With good wishes,

Yours sincerely,

The Rev'd F. Cluett,
Provost.
