Dear Dr. May:

At its meeting held on January 11, 1994 the Corporation of Queen's College agreed unanimously that *the Committee on the Future Use of Queen's College Building proceed to negotiate with Memorial University for the taking over of the College Building on mutually agreed terms, which are to include accommodations for the Faculty of Theology of Queen's College.*

These negotiations are proceeding and we hope they will result in a conclusion that benefits both of our institutions.

With kind personal regards,

Yours sincerely,

The Rev'd Canon Frank Cluett
Provost
